

HDCP 2.2 UPGRADE AV8802

FULL HDCP 2.2 SUPPORT FOR ULTIMATE FUTURE-PROOFNESS

The Marantz AV8802 already shines with ultimate build quality, outstanding features and the finest in Marantz audio quality for the most demanding home cinema enthusiasts. As promised by Marantz, current owners of this AVR are now able to upgrade their unit to

support future-proof HDCP 2.2 copy protection protocol, needed for copy-protected 4k Ultra-HD content playback. The upgrade, which requires hardware modification at an authorized Marantz Service Center, is available for £ 149, and will transform the AV8802 into an advanced AV8802A model. Read below for the upgrade details.
