## BD7003 Universal HD Blu-ray Player

Now you can have the legendary Marantz quality and name in an exceptional value-for-money Blu-ray Disc player. The BD7003 gives you Full HD 1080p output of Blu-ray Discs for a 24 fps, film-like experience. What's more, thanks to the player's high-precision video processing and up-scaling capability to 1080p, your DVD experience will also leap to a new level of stunning exhilaration. The BD7003 can output digital HD audio in lossless 7.1PCM format, so it can be connected to every previous HDMI input-equipped Marantz AV Receiver – even if there are no Dolby True HD or DTS HD decoders in the receiver. With BD7003 it is only one small step to HD heaven.
