flac
Lossless Audio Codec

Windows 8
Windows RT
Compatible

In addition to a host of connectivity options and DTS-HD, Dolby True HD processing, this receiver now has network streaming capability. Now you can enjoy Apple lossless, Gapless, FLAC HD 192/24, AirPlay, as well as services such as last.fm and Spotify, and Internet radio. Fans of devices such as camcorders and a variety of smartphones or tablets will also love the front panel HDMI input for easy and instant video / music enjoyment. 85W are outputted to each of the 5 channels and can be used for a simple stereo set-up or to run a full 5.1 system, creating spectacular surround sound and converting your living room into a sensational cinema. It also includes a Setup Assistant, Audyssey MultEQ and Microphone, all is there for easy, perfect setup. Its total of six HDMI inputs handle a multitude of digital sources, so you can easily hook-up your satellite box, BD/DVD player, game console and camcorder... all at the same time. And all with just one HDMI cable connected to your screen. It all adds up to fabulous sound, great video quality and elegant slim-line appearance.

Main Features

- Dolby TrueHD and dts-HD Master Audio
- 5ch discrete power amplifier, 85 W per channel
- Pure Direct
