## RC3001/2001 Firmware update's procedure

Please read this note before you execute the firmware update of RC3001/2001.

- Please be sure to use a computer which was installed "Wizz it 3" editor software for this update. Though you don't use it for this update, this update software uses some files of the installed "Wizz it 3". If it isn't installed in your PC, please download it from the following address and install before the update.

RC3001: From MAUALS&DOWNLOADS or RC2001: From MAUALS&DOWNLOADS  
<http://us.marantz.com/Products/2246.asp> <http://us.marantz.com/Products/2248.asp>

(These are same software.)

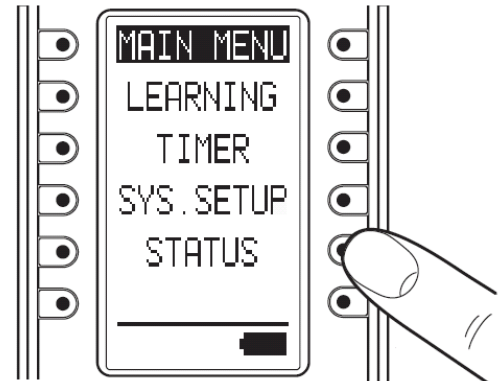

- Please stop other application under the updating.

<Confirmation procedure of the current firmware version>

## <Update procedure>

1. The attached USB cable connects to the USB port of RC2001 (or RC3001) remote controller and the USB port of your PC.
2. Please extract “RC2001\_3001\_firmware\_updater(V00E).zip” on your PC. You will get RC2001\_3001\_firmware\_updater(V00E).exe
3. Double click it to boot the software.
4. Click the “Start” tab, the download of new firmware will start and display the progress of it by a bar graph.

5. After a few seconds, the finish will be notified by “Send completed” in Download Status and two beep sounds from the remote.

6. Click the “Exit” tab to finish.
7. Confirm the firmware version by following the confirmation procedure.
