The new Marantz SR6010 is based on last year's highly successful SR6009 but offers several, significant improvements over its predecessor. Power remains the same with seven identical, high current, discrete amplifiers, each rated at 110 watts. With 9.1 channels of processing capability and 13.2 channel pre-outs, the SR6010 offer extreme versatility for the home theater enthusiast. Featuring both Dolby Atmos® and DTS:X™ (via future firmware update), users will be able to enjoy these new, more immersive surround sound formats that create a three-dimensional listening experience. With 8 HDMI inputs (including 1 conveniently located on the front panel) and 2 multi-zone/multi-source HDMI outputs, the SR6010 features an advanced video processing system. Prepared for the future, it is equipped to handle 4K Ultra HD full rate 60Hz content, 4:4:4 Pure Color sub-sampling, rec.2020 color gamut and 21:9 aspect ratio pass-through. It's also HDCP 2.2 compliant, which is a requirement for 4K Ultra HD copy-protected content. In addition, because we have upgraded the SR6010 to the Audyssey Platinum suite of technologies (MultEQ XT32, SubEQ HT and LFC), you get an even more accurate calibration of the system's speaker configuration to guarantee that every seat in the room is optimized. There is even an option for an Audyssey MultEQ Pro calibration. Like every new Marantz A/V receiver this year, the SR6010 has Wi-Fi B, G and N and Bluetooth® built in and supports Apple lossless (ALAC), gapless playback, FLAC HD 192/24 and even DSD and AIFF network streaming. Support for Spotify Connect® and Apple AirPlay® audio streaming are included as well. But we haven't changed everything. We have maintained its predecessor's well-deserved reputation for audio quality, a combination of effortless power, amazing detail, and sensational imaging, thanks to the use of current feedback technology and HDAM (Hyper Dynamic Amplifier Module) pre-amplification. And to get it all up and running quickly and easily, there's a handy Setup Assistant with its best-in-class on-screen graphic user interface.

Main Features

- Wi-Fi and Bluetooth built in
- Dolby Atmos and DTS:X (ready)
- 7ch discrete power amplifier, 110W per channel
- 13.2 ch preout with 9.2 ch processing
- Current Feedback topology with Marantz New HDAM
- Audyssey MultEQ XT32, LFC, Sub EQ HT, Pro ready, Audyssey Dynamic EQ and Volume
- Latest HDMI 2.0a with 4K 60Hz 4:4:4 resolution
- 7+1 HDMI in / 2 out (4K 60Hz, 3D, ARC, HDR, BT.2020)
- Full HDCP 2.2 support on all HDMI inputs and outputs
- HDMI scaling 1080p, 4k 50/60Hz
- MP3, WAV, AAC, WMA, AIFF
- HD Audio streaming: FLAC 192/24, DSD, ALAC
- Gapless Playback
- Spotify Connect, Pandora®, SiriusXM™, and Internet Radio support
- Phono (MM) input
- Setup Assistant and advanced GUI
- Big trapdoor design; Aluminum front panel
- Marantz Remote App for iOS and Android™ devices
- ECO mode
- 7.1 Channel Inputs and Zone 2 Preouts
- Gold Plated Inputs and Outputs Terminals
- ISF Certification
- C4 Certified IP Control
- Crestron Connected Certified
