

LIFE AMPLIFIED

## **FIRMWARE INFORMATION FOR BD8002 Blu-ray BD Player**

The included 1.113 firmware corrects the following items with the BD8002 model.

The unit doesn't play when playing BD-disc "WANT WOMAN WANT". The unit does not able to navigate to different chapters on the disc by skipping.

---

**This firmware also includes all firmware updates previously provided in our download section.**

Version 1.112 had corrects the following items.

- 1) The unit freezes when playing BD-disc "Babylon."
- 2) Picture may not display on the monitor when connected to a Sony KDL-40W5 with HDMI signals set to 1080p/60Hz.

Version 1.111 had corrections for the following reported problems:

- 1) Blu-ray players with firmware version 1.109 firmware won't play title "Casino."
- 2) When playing BD disc title "Akira," Japanese Dolby TrueHD 5.1 channel can not be selected, only 2 channel is selectable.
- 3) When the selected scenes feature on Blu-ray DVD title "Never Say Never Again" (MGM) is used, the player will freeze and has to be turned off to reset the player.
- 4) The player could not search correctly on "Live In Vegas/Celine Dion" when playback was started and Dolby TrueHD was chosen on the sound menu of DISC1. Searching TT=1 CH=19/19 would be slow and incorrect playback point may occur.
- 5) Can not choose "Song Selection" from Main Menu of BD disc "Jimmy Eat World" even though it appears in the menu.
- 6) Blu-ray movie "An American Carol" freezes after preview play.
- 7) The main movie will not play on Blu-ray titles "Babylon A.D." and "Lionel Richie, Live; His Greatest Hits and More."

- 8) It takes about two minutes until the JAVA portion of Blu-ray disc "Ghost In The Shell 2" is read completely.
- 9) The picture and sound stops temporarily around "0:05:34" when "Cinema Navigation" on Blu-ray disc title "Wall·E" is used.
- 10) When Blu-ray disc title "Bedtime Stories" is played, the previews will play. Then the "Power ON" or "Loading" message appears on the player's display and the previews begin again.

**Version 1.109 had corrections for the following reported problems:**

- 1) The Incredible Hulk, 007 Casino Royale, Wanted, Hell Boy 2, Death Race and The Mummy: Tomb of the Dragon Emperor Blu-ray titles will cause the player to lockup.
- 2) When 1080p/24f mode is selected and Blu-ray title Kill Bill Vol. 1 is played, the player will stop at title 4, Chapter 2, 17 seconds.
